

JAVIER SÁNCHEZ

Junior Web Developer

+34 682 197 745 Madrid, Spain javisoca05@gmail.com

SUMMARY

Junior Web Developer specialized in building responsive web applications using HTML, CSS, JavaScript, SASS, and modern CSS frameworks (Tailwind, Bootstrap). Developed a functional online clothing store as a personal project, implementing product listings, UI components, forms, and frontend logic. Familiar with backend fundamentals using Java (Spring), PHP, and SQL, and REST API workflows. Strong focus on frontend development, usability, and writing clean, maintainable web code.

SKILLS

Programming & Web

- HTML, CSS, JavaScript
- SASS
- Tailwind CSS, Bootstrap 5
- Responsive design & layout fundamentals

Backend Fundamentals

- Java (basic)
- PHP (basic)
- SQL / PL-SQL (basic queries)
- Python (basic)

Frontend & Web Development

- UI components and page structure
- Forms, validation, and user interaction
- REST API consumption (frontend)

Tools & Workflow

- Git & GitHub
- Debugging and problem solving
- Basic deployment (Netlify)

PROJECTS

Online Clothing Store (Personal Project)

<https://tr3nddify.wuaze.com/index.php>

- Responsive web application built with HTML, CSS, JavaScript, SASS, and Tailwind/Bootstrap.
- Implemented product listings, reusable UI components, and frontend logic.
- Designed layouts for mobile, tablet, and desktop devices.
- Focused on clean structure, usability, and maintainable code.

EXPERIENCE

Waiter - La Quinta de Jarama

May 2022 - Current

- Customer-facing role demonstrating teamwork, time management, and responsibility.

Junior Software Developer Intern - Alter Technology Group

Mar 2025 - Jun 2025

- Developed and maintained internal web-based tools and scripts to support automation and validation workflows.
- Integrated REST APIs to retrieve, process, and display technical data used in validation processes.
- Worked with JavaScript-based logic to improve automation reliability and reduce manual intervention.
- Analyzed errors, debugged issues, and applied fixes across validation and automation tools.
- Collaborated with engineers to understand requirements and translate them into functional technical solutions.

Software Validation Intern - Alter Technology Group

Mar 2023 - Jun 2023

- Supported technical teams by executing tests, analyzing results, and documenting issues.
- Gained experience working in structured technical environments and collaborating with engineering teams.

EDUCATION

WEB APPLICATION DEVELOPMENT TECHNICIAN

Sep 2023 - Jun 2025

IES Tetuán De Las Victorias

MICROCOMPUTER SYSTEMS AND NETWORKS TECHNICIAN

Sep 2021 - Jun 2023

IES Virgen De La Paz
